

DEFENSE OF FUNSTON.

Representative Curtis of Kansas Speaks in Behalf of the General.

REFERS TO AGUINALDO'S CAPTURE.

The Orator Suggests That the Darling Feat Might Have Placed Funston Among the Presidential Possibilities.

Washington, April 28.—In the house Mr. Curtis (Kan.) made a brief but fervent defense of General Funston against the criticism to which he had been subjected. "The people of Kansas," he began, "are proud of the brave and daring record of gallant Fred Funston. He has been criticized here for an act which for daring of conception and execution ranks with the greatest feats of arms—he captured the new George Washington—Aguinaldo."

"If another had accomplished what General Funston did," he said, "the Democrats would have made him their candidate for president." He called attention to the fact that his promotion had been recommended by General Wheaton and General MacArthur, both soldiers of the civil war, soldiers who knew more of war and the rules of war than all the politicians in this country combined. And his commission, he added, was signed by the greatest president we have ever had—the soldier, statesman and martyr, William McKinley.

Mr. Feeley (Ills.) submitted some remarks in support of the contention that the laws of neutrality were being violated by this government in allowing the shipment of mules and horses to South Africa for use by the British in the war against the Boer republics.

Mr. Sibley (Pa.) followed with a bitter denunciation of General Jacob Smith. He said he had always defended the course of the administration and believed in expansion, but when it comes to orders such as had been issued by General Smith, humanity seemed to have marched backward.

"I have heard of Timur the Tartar and of the Saracen scourge, but thank God, it took 18 centuries after Calvary to produce a General Smith."

He declared that General Smith should be discharged in disgrace. "He admits that he issued the order to make Samar a howling wilderness," said Mr. Sibley, "and to kill all over 10 years of age. Such a man should not be permitted to stay in the army until the sun goes down. He is a disgrace not only to himself but to every man who wears the uniform of his country. No man can justify such orders no matter how adroit may be the plea of his lawyers and defenders. He admits he issued the orders and I hope there is enough courage, patriotism and Christianity at the other end of the avenue to see that he is stripped of his uniform within 48 hours."

Mr. Sibley was vigorously applauded by the Democrats and some of the Republicans.

Mr. Williams (Miss.) heartily endorsed Mr. Sibley's onslaught upon General Smith, whom he described as a "brute in uniform." "But I am a little afraid," he continued, "that he does not strike the evil in the right quarter. It is the system which should be struck at, not the man who unconsciously carries out the spirit of the system."

"For that reason, such wars should be avoided. I agree with the gentleman from Pennsylvania, that there be no justification for a civilized man to issue an order to lay waste a whole country and kill everybody, including children over 10 years of age."

No Quorum Present.

Columbus, O., April 28.—About 15 of the 110 members of the house were present when the speaker rapped for order. The house met at 9 a. m. instead of 4:30 p. m., as the result of a resolution adopted last week to meet in the future at 9 a. m., and this resolution was not suspended because of a lack of a quorum. The journal was not read and the house recessed until 4:30 p. m. There were a number of mad men about the house. Some of the members came in to be here on time, and others took very early trains in order to meet the requirements of the rule, only to find that the great majority, over four-fifths of the members, apparently paid no attention to the adjournment rule. Speaker McKinnon said that he proposed to ask the members to rescind the resolution, as it was an outrage for men to vote to meet at 9 a. m. and then not show up until 4 p. m.

Ohio Prohibitionists. Zanesville, O., April 28.—The Prohibition state convention will be called to order at 3 p. m. State Chairman George L. Case of Cleveland is here. He predicas an attendance of 500.

SHAW'S SPEECH

Arouses Criticism From a Newspaper Across the Atlantic.

London, April 28.—The speech of United States Secretary of Treasury Shaw at Pittsburgh at the banquet April 26 in celebration of the late General Grant's birthday has thus far passed unnoticed by the London press, with the exception of the Globe, which is exceedingly wrathful at such a responsible politician "tickling the ears of groundlings with a speech full of menace to America's only friend among the powers of Europe." After quoting the speech, the Globe continues: "We are not greatly concerned either for threat of the crude vulgarity which causes Mr. Shaw to apply it to a particular power, but what impresses us with a sense of American decadence is the manner in which the absurd speech was received. Were an English minister of Mr. Shaw's position to make a similar allusion to a foreign power, all the chancelleries of Europe would be convulsed."

Trial of a Princess.

Cape Town, April 28.—The trial of Princess Radziwell, on the charge of forgery in connection with notes purporting to have been endorsed by the late Cecil Rhodes, began in the supreme court here before the chief justice, J. H. Devilliers. The princess pleaded not guilty and counsel for the defense applied for a postponement of the trial in order to obtain witnesses from England. The application was refused. There are 24 counts in the indictment. Though Rhodes Schultz, the two principal witnesses have died since the case was first filed, their evidence in the form of affidavits denouncing the signatures of the checks as forgeries holds good.

Sunday Excursion Wrecked.

Fort Wayne, Ind., April 28.—A Sunday excursion train on the Grand Rapids and Indiana railroad collided with a freight train at Wallon, six miles from here. Two coaches were overturned and more than 30 persons were injured. A relief train sent out with several physicians brought the injured to Ft. Wayne. The greater number of those injured received scratches, bruises and cuts. All of the injured were residents of this city and were conveyed to their home with the exception of Herman Durnell, who was taken to St. Joseph's hospital in a critical condition. The engineer, fireman and brakeman of the passenger train are among those slightly injured.

United Copper Company.

Trenton, N. J., April 28.—The United States Copper company, with an authorized capital of \$80,000,000, was incorporated here. The company is authorized to mine, melt and manufacture cotton, silver and other metals. The capital is divided into \$5,000,000 preferred and \$75,000,000 common stock. It is provided, however, that the issued capital stock shall not exceed \$5,000,000 preferred and \$45,000,000 common, except upon affirmative vote of three-fourths of the directors of the company and the holders of two-thirds of the stock of each class. It is provided that the preferred stock will draw six per cent cumulative dividend payable semi-annually.

In Favor of Jesuits.

London, April 28.—The efforts of the Protestant alliance to expel the Jesuits from England under the act of George I. have again failed. The alliance originally applied to a magistrate for summons on the ground that certain Jesuit priests were guilty of misdemeanors which under the ancient law involved banishment for life. The magistrate declined to grant the summonses, holding that the act was obsolete. On appeal in the king's bench division of the high court of justice, the lord chief justice, Lord Atkinson, held that the magistrate had the right to refuse to issue a mandamus to compel the magistrates to do so.

Street Parade Abandoned.

Memphis, April 28.—Owing to rain the street parade in honor of Admiral Schley was abandoned. At 3 p. m. the first public function of the visit occurred at the Auditorium, where the admiral will be presented with a silver service contributed by his admirers in Tennessee and adjoining states. The speech of presentation was delivered by Former Senator Thomas B. Turley. The admiral was the guest of honor at a banquet at the Gayoso hotel, while a committee of ladies entertained Mrs. Schley.

Big Traction Company.

Cincinnati, April 28.—A \$5,000,000 traction company will be organized May 7th at Hamilton, Ohio, when the stockholders of the Southern Traction company and of the Cincinnati and Northwestern railroad meet to ratify the action of their directors in consolidating the two companies. The name will be the Cincinnati, Dayton and Toledo Traction company. Its lines will traverse the state from Cincinnati to Toledo.

SOL SMITH RUSSELL.

THOUSANDS ADMIRER HIS ACTING.

SOL SMITH RUSSELL.

to himself as a "rising young comedian." His rendition of "A Poor Reluctant," "Bewitched" and "The Peaceful Valley" have brought tears and mirth to appreciative audiences in all the principal cities of America.

While filling an engagement in Chicago several years ago, Mr. Russell broke down while on the stage and has never been able to appear since.

Mr. Russell's death was caused by perpetual hiccuping. Mr. Russell had been ill some time from this malady, but during the past few days the disease took a serious turn. Those present at the bedside of the veteran actor were Mrs. Russell, Miss Alice Russell, Mr. and Mrs. Frederick S. Berger and Edward I. Rosenfield. Mr. Russell was 54 years old. The deceased will be buried in Rock Creek cemetery near this city.

SMITH COURT MARTIAL.

Several Witnesses Testify About Fighting Natives of Samar.

Manilla, April 28.—The trial by court martial of General Jacob H. Smith on the charge of conduct prejudicial to good order and discipline was resumed here. Major Littleton, W. T. Weller of the marine corps testified to receiving from General Smith the order to "kill and burn" and render Samar a "howling wilderness," previously referred to in these dispatches. The natives of Samar, said Major Waller, were more treacherous and implacable than the tribesmen of the Soudan. Without General Smith's drastic measures, the war there would not have been ended yet. General Smith never intended killing women or children.

Corporal Pritchard of the Ninth infantry, who took part in the fight at Gandara, testified that he saw boys of 12 years of age fighting and slashing with bolos.

Private Najot of the Tenth cavalry told how Americanists (natives friendly to the Americans) were butchered there in cold blood.

Saw Wreckage.

Port Huron, Mich., April 28.—The captain of the barge Sacramento reported here that he sighted a quantity of wreckage on Saginaw bay Sunday during the terrific storm, which evidently came from some steamer. It included a deckhouse, lifeboat, a water barrel and a lot of lumber. The steamer Pawnee has not been heard from since the storm and there are fears that the wreckage may be part of her.

Agricultural Bill Considered.

Washington, April 28.—This was District of Columbia day in the house under the rules, but the regular order was postponed until Monday next in order that the house might proceed with the consideration of the agricultural bill. The naval appropriation bill was reported and the house then resumed the consideration of the agricultural appropriation bill.

For an Ocean Voyage.

New York, April 28.—The submarine torpedo boat Fulton passed Sandy Hook at 7:20 a. m. on an ocean trial trip bound for Washington, D. C. The Fulton was in tow of the Storm King. At 10:50 she was submerged off Long beach. It is expected the Fulton will reach Washington about Saturday.

BURGLAR SHOT

While Leaving a Store at Chicago by a Policeman.

Chicago, April 28.—In a pistol fight between two policemen and five burglars here, one of the thieves was killed. Policeman O'Connor saw two men, one of whom he recognized as a thief, standing in front of the store on Archer avenue at Loomis street. When he approached the men opened fire, fleeing at the same time. The officer gave chase returning the shots. The firing attracted the attention of Policeman Herman Maronde, who came hurrying past the store just as three more men came out of a side entrance. A pistol fight between the trio and the policemen then began and one of the men was shot through the head, dying instantly. Neither officer was hurt.

To Pick Cotton by Machine.

Jackson, Miss., April 28.—The first regular contract ever made in the world to pick cotton by machinery was closed in Greenville a few days since and the first experiment with the machine will be made on the Rosenstock plantation, in Washington county, next fall. A Pittsburg man named Thomas R. Morris is the inventor of the device and for the past 10 years he has been conducting experiments in the vicinity of Greenville. He now claims that the device has been modeled on a practical working basis and feels confident that he will revolutionize the cotton picking industry of the south. The machine, he admits, is valueless except on the level uplands, low valleys and prairie grounds, but even if it should prove successful with this limit its effect on the labor question in the south will be very marked.

KANSAS MILLERS

Appeal to the Senate For Concessions in Foreign Trade.

Washington, April 28.—When the senate convened, Mr. Harris (Kan.) presented the following telegram from the Kansas Millers' association: "Kansas millers on account of foreign discrimination, with the best wheat in the world at their door, are not producing over one-third of their full capacity. Unless your committee on foreign relations can give us relief, through reciprocal concessions, placing our millers on an equal basis with foreign mills, many of our mills will shut down indefinitely and some of them will be forced to the wall. In our distress, we look to our senators for relief." The telegram was referred to the committee on foreign relations.

Three Killed.

Joliet, Ills., April 28.—Three people were killed at the Patterson road crossing of the Santa Fe road, just south of Joliet. A fast passenger train crashed into a buggy containing Mrs. M. B. Mulock, her daughter, Orda, and a young man named Floyd C. Pearce. The man and young woman were killed outright and Mrs. Mulock died shortly after reaching the St. Josephs hospital. The watchman had the gates down, but the horses broke through, getting upon the tracks just in front of the train.

Engine Explodes.

Dover, N. J., April 28.—A locomotive attached to a passenger train on the Delaware, Lackawanna and Western railroad blew up near here killing the engineer, George Trimmer of Washington, N. J., and Fireman Joseph Mayberry of Port Murray, N. J. None of the passengers were hurt. The engine turned a complete somersault from the force of the explosion. An examination of the wrecked engine showed the explosion was caused by the water in the boiler becoming too low.

May Yohe Arrives.

New York, April 28.—Captain Putnam Bradlee Strong and May Yohe, the divorced wife of Lord Francis Hope, were passengers on the Kaiserin Maria Theresa, which arrived from Mediterranean ports. Their names appeared on the passenger list as "Herr Strong and Frau Strong."

Another Revolution.

Port-Au-Prince, Hayti, April 28.—It is reported that another revolution has broken out in Santo Domingo. Telegraphic communication between that republic and Hayti is entirely interrupted.

A SETTO IS PROMISED

In Case Gompers Demands a Hearing Before Amalgamated Folks.

REPORT OF THE WAGE COMMITTEE.

Opponents of the New Tactics of Signing the Scale Find an Opportunity to Discuss Their Disapproval.

Wheeling, April 28.—The Amalgamated association got down to real business. The wage committee was the first to report. This consumed much time. The convention went over the report in detail, discussing each feature.

That there will be opposition, however, goes without saying. The opponents of the new policy of signing scales will take advantage of this opportunity to express their disapproval of the officers' actions and this is where the minority report of the wage committee will come in. The report took up the entire day. There seems to be little doubt, however, but that the report will be endorsed by the convention.

President Shaffer seems to have controlling interest and unlike the result of the fight on the contested seats, it will not be a compromise. The argument in favor of the scales will be advanced to the convention will be that the procedure was entirely constitutional. It will be cited that the scales were signed by the regularly authorized committees and that the mill owners were fully informed that the ratification of the scales depended upon action by the convention. At the same time it seems that the faith of the conference committees is pledged to manufacturers, that the scales will be endorsed. On reason for advance signing of the scales, is that it removed possibility of strife between the union and the manufacturers for at least another year.

The imminence of another quarrel between the two foremost giants of labor, Shaffer and Gompers, the first intimation of which was published Saturday, continued to be the topic of conversation among Amalgamated and other labor men. More startling developments are expected this week and it is possible that the matter may assume proportions that may make it the sensation of the convention and overshadow the regular business transactions of the organization. That Gompers will come here this week is now thought to be certain. An answer to a telegram of inquiry was received, stating that he had left the city and that it was thought he had gone to New York.

In the meantime local Federation of Labor leaders and the anti-Shaffer faction are rallying around the Gompers standard. If Gompers demands a personal hearing before the Amalgamation, it will be probable the most exciting incident in the history of the organization.

President Shaffer's adherents are not mincing words in denunciation of Flynn's coming and Gompers' action in sending him here. They say Gompers had no right to take unofficial newspaper reports of Shaffer's address and that Flynn is imprudent in thinking he could get a hearing.

Out of Danger.

New York, April 28.—Archbishop Corrigan passed a comfortable night and those who watched at his bedside were greatly encouraged. The archbishop was restless at times, but slept several hours and was able to take some solid food. Dr. Joseph Corrigan, of St. Leo, Fla., and Rev. Father Corrigan of Newark, N. J., brothers of the archbishop, spent the night at the archiepiscopal house. Father Corrigan, speaking of the condition of his brother said: "The archbishop passed a very comfortable night. He practically passed the crisis and I now think he is out of danger."

American Sailors in Trouble.

Rome, April 28.—Captain Robert F. Wayne of the marine battalion, Robert E. Ledbetter, assistant surgeon; John S. Dordridge, lieutenant, and James Chathan Kress of the cruiser Chicago, under arrest at Venice, deny the charges of rebellion against the police. They say they simply tried to free themselves for defense against some people exasperated by their involuntary upsetting of tables. Even their friends fear that they will be condemned, as there were further disturbances when the crew landed. Commander Dayton ordered all on board.

Death of Mrs. Walsh.

Newburgh, N. Y., April 28.—Mrs. Emma Walsh, widow of the Rev. John J. Walsh, died here. Dr. and Mrs. Walsh were missionaries in India for 30 years. They narrowly escaped massacre at Cawnpore, where many of their fellow workers were killed.

ATTORNEY GENERAL DAVIS, of New York, is preparing to begin proceedings against the beef trust. The grounds for attack are:
 That an agreement exists for the control of the beef trade.
 That the agreement is to raise and lower prices at will.
 That the combine throttles competition.
 That it fixes prices without regard to supply or demand.
 That it blacklists retailers who do not obey its arbitrary rules.
 That the agreement provides for the regulation of supply and distribution.
 Copies of letters and evidence of old employees will be relied on to establish the case.

DAY OF RECKONING COMING.

It must make the trust barons feel a little uneasy when such stalwart Republican journals as the Chicago Tribune talk this way:

The people of the West will shed no bitter tears over the vote of censure of the House of Representatives on the sugar trust. Nothing would bring greater happiness or joy to the people living away from New York than to have the duty removed on refined sugar. If it had not been for the previous alliance between the refiners and beet sugar men that duty would have gone long ago.

The duty is one of the most indefensible items of the tariff schedules. It gives employment to a comparatively small number of men. It imposes a tax upon an article of universal consumption. It helps to accumulate vast fortunes at the expense of the people, while it brings little or no revenue. If the row between the Republicans in the House of Representatives could have the result to put the sugar trust in the vocabulary of all good citizens will rejoice.

We will not say—for it would not be parliamentary to say it—that when thieves fall out honest men come to their dues, but when the protection barons get to fisticuffs it is quite likely that justice will creep in under the canvas. If Congress were to do nothing else than to order the sugar trust to the rear it would live in the memory of all men forever.

The object lesson which Mr. Carnegie is teaching daily in the distribution of his 200 or more millions to libraries—all of which may be considered contributions to the conscience fund—and the lesson which is taught in the enormous fortunes piled up by the Havemeyers have not been without their effect upon the public mind. The steel barons, the sugar barons and the wool barons cannot postpone the day of reckoning much longer. The people have stood this sort of thing about long enough. The barons have been whipped of justice long enough. It is time they were brought to book and denied the advantage of lying tribute upon seventy-six or eighty millions of people for the benefit of "their own private pockets all the time."

Nobody denies to thrift, industry, and intelligence their due rewards, but the system of legislation which gives to a few men the right to despoil their fellow-citizens for their private benefit cannot long endure. Its days are numbered. The sugar trust, the steel trust, and all the other trusts, having rapidly for their watchword and dishonest legislation for their motive power, cannot be tolerated by a free and independent people. This country cannot continually exist, in the words of Abraham Lincoln, half free and half slave. It will either be all one or all the other.

DOUBLE LIABILITY CLAUSE

Is Invoked to Recover Sums Paid to Investment Concerns For Stock Certificates.

OWENSBORO, Ky., April 27.—The most important litigation in connection with the failure of the German-American Security Company here some time ago was begun in the Circuit Court Saturday. Daniel O'Connell Dougherty filed a suit against W. J. Chipman, Frank Ebelhar, T. M. Baker, John G. Delker, W. J. Stone, John W. Smith, W. S. Morrison, M. V. Monarch, H. G. Overstreet, J. F. Dempsey, J. F. Gordon, G. T. Herr, D. M. Griffith, R. H. Glover, M. V. Monarch, Jr., D. D. Monarch, E. O. Miller, W. F. Thrasher, W. T. Pate, R. R. Johnson, Frank McAdams and John Haffendorfer. They are sued as stockholders of the German-American Security Company and the Standard Finance Company and Farmers' Finance Company, which consolidated with the German-American Company, to recover \$1,863.50 paid for stock certificates issued to Dougherty by the latter company. This suit is brought pursuant to section 547 of the Kentucky statutes, the section known as the double liability statute, and it is the first case in the Daviess Circuit Court where that statute has been invoked.

A suit by the same plaintiff is pending in this court for the recovery of the same amount brought against the directors and officers of this company shortly after its assignment last fall. It was brought under the statute making the directors of such a concern liable if any dividends should be declared after it becomes insolvent. The suit filed yesterday is brought in equity and the plaintiff sues both for himself and for the use and benefit of all the other creditors, who number about 550. The importance of the suit is not confined to the question raised, but interest in it results from the prominence of the persons sued, all of them being well known and leading citizens.

The largest holder of stock is M. V. Monarch, who held stock amounting to \$11,923. W. J. Chipman is the next largest, holding \$5,800. T. M. Baker has stock amounting to \$5,300. W. J. Stone, of Kuttawa, who was the company's President, has \$2,237. John G. Delker had the same amount, while the amounts against other stockholders run as low as \$300.

"THERE IS NO LUCK."

Says Max O'Rell, Who Makes Character the Secret of Success.

"There is no luck in life," says Max O'Rell, the famous French author and wit; "luck is of one's own making. Talent helps a man to obtain success, but it is character which secures it for him. A man will succeed with character and very little talent, and will never succeed without character, whatever talent he may have at his disposal. By character I mean honesty, steadiness of purpose, tact, perseverance, industry, sobriety, self-control and strict punctuality. The man who possesses these qualities is bound to be successful, simply because he is wanted, indispensable, everywhere. No one wants shrewdness without honesty, diplomacy without sincerity."

"Luck simply means rising at six in the morning, living on \$1.25 a day if you make \$2.50, minding your own business, and not meddling with other people's. Luck means the hardships and privations which you have not hesitated to endure, the long nights that you have devoted to work; luck means the appointments that you have never failed to keep, the trains you have never failed to catch. Luck comes to those who know how to help themselves, and know how to wait; luck means trusting in God and in your own resources, a religion whose motto is, 'Help yourself and Heaven will help you.' The only way to be lucky—that is to say, to be successful—is to make yourself indispensable by your reliability, pleasant by your cheerfulness; respected for your honesty and sincerity."

The Smith & Withers Oil Company of Danville has struck a strong flow of oil in Lincoln County, near McKinney. The excitement following the discovery is great.

Collector Roberts has made the following assignments of revenue men at this point for May: Storekeepers—C. T. West, Hord S. Bell, John R. Dagley and Wm. F. Schooler at the Pogue distillery; Horace G. Holliday and Oscar Grigsby at J. H. Rogers & Co.'s; gauger—Lewis M. Griffin at the two distilleries named above; storekeeper-gauger—Sydney A. Powell at Poyntz Bros.'

THE SECRET OF

Good Clothing

Lies in the length of time it can be worn without appearing old. Lots of cheap suits look well in the windows, but after wearing them a few weeks their shape is gone and it's all up with them. Our Rochester made goods are always good for two entire seasons—we see many of our customers wear them three seasons and still look "good."

Our entire spring lines are in, and such a feast in good things as we set before you is rarely the privilege of clothing buyers to partake of.

Not only in clothing beginning with the little fellows up to the largest of the genus homo, but in all that pertains to the sterner sex's outfit, we have the best that is made for your inspection. We call your attention to our wool crash outing suits and pants, our Norfolk coats and pants, the very swiftest of the swell. Our two button Double Breasted Serge and Thibet Suits are the proper caper for good dressers.

Take a glance at our Hopkins Straw Hats. Our Hanna Low Cut Shoes. Our Manhattan \$1.50 to \$2.50 Shirts. More like them were ever shown here before this season. In short, ours is "the" store if you want the "right thing" at the "right price."

BACK TAXES.

State Auditor's Agent Watson Collects Over \$6,000 This Week—Has Turned in About \$20,000 to Date.

State Auditor's Agent F. Stanley Watson collected over \$6,000 back taxes this morning. He filed agreed assessments of property omitted by the following: Mrs. Martha A. Bramel, a total of \$10,000, covering years 1898 to 1900; amount of taxes, \$143.52.

Mrs. Mary Stairs' estate, a total of \$140,000 covering years 1888 to 1902, inclusive; amount of taxes, \$1,731.83.

John W. Bramel, (executor), and Turner Bramel, a total of \$356,400, covering years 1877 to 1902, inclusive; amount of taxes \$4,133.80.

Mr. Watson also filed an agreed assessment against Mrs. Margaret Lalley Monday on a total of \$7964, covering years 1885 to 1894, inclusive.

This makes a total of about \$6,100 taxes collected this week by Mr. Watson and a grand total of about \$20,000 collected since his appointment. Of the grand total the county gets about \$9,000, and it is thought this will enable the Fiscal Court, at its meeting in May, to make some reduction in the county levy for this year.

ODDFELLOWS CELEBRATE.

Eighty-Third Anniversary of Founding of Order in America Appropriately Observed by DeKalb and Ringgold Lodges.

Last night in the auditorium of the Oddfellows' Hall the exercises commemorative of the eighty-third anniversary of the founding of the order in America were held.

The beautifully proportioned room was brilliantly lighted and doubly enhanced by potted plants and cut flowers. The assembled brothers, sisters and friends were placed in the center while the Maysville Orchestra from the rear rostrum discoursed overtures, interludes and selections during the exercises.

Past Grand Master Wm. H. Cox presided, with Chaplain Miller on his right and Past Grand Patriarch Rudy on his left.

After prayer Noble Grand Cox spoke of the occasion in most fitting remarks, reviewing briefly the history of the order and felicitating the great brotherhood on its work. He then introduced Past Grand Thos. A. Davis, who spoke to the sentiment "Friendship" in a most feeling way. Past Grand Thos. R. Phister followed a selection by the orchestra. His theme being "Love," the Judge expounded its gospel in poetical and eloquent words.

Past Grand Clarence L. Sallee used "Truth" as his chariot of thought to convey his hearers to some inspiring and grand roads of action. He was most happy and eloquent. Past Grand M. C. Hutchins continued the chain of virtues by welding in the link of "Faith." He was historical, oratorically and poetically great.

Past Grand John Duley was assigned "Hope," and through his personality gave a word picture as resolute and pleasing as a happy, prosperous and Christian character only can paint.

Past Grand Chas. D. Newell closed the series of talks, his subject being "Charity." It was a unique dress in which he clothed his subject and to the delight of his audience he gave them much food for thought.

The exercises closed near 10 o'clock, and the gathered brethren voted the occasion a fitting marker along the road of the I. O. O. F. in America and in Maysville.

Harry Rogers, a son of Mr. and Mrs. T. F. Rogers, of Mt. Sterling, and nephew of Mrs. J. C. Pecor, Dr. T. H. N. Smith and Mr. Charles E. Smith, of this city, will on May 1st graduate from McCormick Theological Seminary of Chicago. He has accepted a call from the Presbyterian Church in Hinsdale, Ill., and on Thursday, May 8th, will be ordained as a minister of the gospel and installed as pastor of that church. Mr. and Mrs. Rogers are very much gratified that their son has chosen as his life work the ministry and his many friends predict for him that his future will be fraught with good results.

Mr. August Belmont has written a letter to Dr. John F. Cooke, of Smith's Grove, Ky., in which he states that no change is contemplated in the management of the Louisville and Nashville railroad.

The Louisville and Nashville had a phenomenal increase in earnings for the third week of April, the gain being \$99,265 over that of the corresponding week of last year. For the three weeks of April the increase is \$153,985, and since July 1st has been \$1,944,583.

Mr. Fred Shackelford, son of the late James J. Shackelford and a native of this city, died at Albuquerque, N. M., Saturday, of consumption. President H. W. Felter, of the Electric Medical College, Cincinnati, has just compiled a history of that institution which contains a very complimentary notice and picture of Dr. Jonathan Roberts Paddock, one of the founders of the school. Dr. Paddock was the father of Mrs. E. C. Phister and Miss Esteen R. Paddock, of this city. He was a learned physician and a scholar of wide reputation.

A little son of Ben F. Galbraith, of Robertson County, has the smallpox in a very mild form. He contracted it from some of the family of Thurman Galbraith or Ishmael Owens of that county, says the Advance. They recently moved to the old Captain Brewer farm and were soon after taken down with the disease. It is supposed that they contracted it from having cleaned up an old room which smallpox patients had occupied a year or so ago.

"HITTING THE PIPE."

That's What Some of the Local Special Correspondents Must Have Been Doing of Late.

[Mt. Olivet Advance]

The Louisville Post of Thursday last contained the following special from Maysville that for downright lying beats anything Joe Mulhatton ever attempted: "Elbert Orme and Miller Orme married Lena Henson and Bertha Bess this morning. The two girls are half-sisters and the grooms are brothers. The brides look like twins, and after the ceremony the couples became separated and neither groom could tell which one he had married. But the brides soon made it known which one they had taken for a life's partner. All are from Robertson County."

The facts are that although their names are the same, the grooms are but distantly related, while the brides are not at all alike. They look about as much alike as Jim Allen of the Cynthiana Democrat, and Sam Stairs, of the Dover News, both handsome gentlemen, of course, but of a different type of beauty. If the grooms couldn't tell "tother from which," Maysville's bad whisky must have been responsible for the consequences.

Substantially the same special appeared in the Cincinnati Enquirer and Times-Star, but it was not sent out by the Enquirer correspondent at this point.

—Mrs. B. W. Burdette, of "Walton Place," spent part of last week in Cincinnati shopping and visiting at the home of Mrs. Whipp and Miss Ida Walton, of Covington.

—Messrs. Frank Smith and John Kuriz, of Germantown; Mike Gollenstein, of Washington, Joe Burk, of Millersburg; John Burk and Miss Nellie Kinsler, of Maysville, spent Sunday with the Misses Burk, of Johnson vicinity.

A man talks about owing his business. But as a matter of fact his business owes him. His whole life is regulated by the demands of the business. The time at which he rises, his breakfast hour, the time given to meals, are determined by business obligations. He rushes through lunch because he "can't spare the time from business" to eat leisurely. He won't take a rest because he is needed at the store or office. He is in fact an absolute slave to business. The results which follow this slavery are to be seen on every hand. Men dyspeptic, irritable, nervous, with drawn faces, and hollow eyes, sit at the desk or stand behind the counter until they collapse in a fit of sickness, or are taken away by heart failure. Those who cannot escape the exactions of business will find a friend in Dr. Pierce's Golden Medical Discovery. It strengthens the stomach, increases the action of the blood-making glands, increasing the vitality and physical vigor. It makes men strong and prevents those business break downs which so often terminate fatally.

No Report of Arrests.

Washington, April 28.—Captain Dayton, of the Chicago, has so far made no report to the navy department respecting the trouble which has arisen at Venice resulting in the arrest of some officers of the ship on a charge of misdemeanor. It is said at the department that it is not customary for such incidents to be reported by cable, as the commander of the station, who, in this case, happens to be Captain Dayton himself, until the arrival there of Admiral Crowninshield, always deals with them on his own account and reports by mail.
